

Homemade Playdough

Ingredients

2 cups plain flour
2 tablespoon vegetable oil
1/2 cup Epsom Salt
2 tablespoon Cream of Tartar
1 1/4 cup boiling water
Gel food coloring

Directions

In a mixing bowl add the epsom salt and cover with boiling water. Set aside until the salt is fully dissolved. In another bowl mix the flour, oil, and cream of tartar. Gradually add the boiling salty water and gently mix the dough. Stop adding water when it forms a soft, non-sticky ball.
